

Tai Sophia Institute Graduate Programs Showcase

Saturday, November 14
9:30am - 12:30pm

“Transform your life.” That might sound like a big statement, but hundreds of Tai Sophia alumni began their journey by coming to an open house and experiencing first hand how graduate programs in **Acupuncture**, **Herbal Medicine**, and **Transformative Leadership and Social Change** (formerly Applied Healing Arts) could empower them to make positive changes in their work and life.

At our open house, you'll hear from many of these alumni, as well as current faculty and students. Come learn about our programs, including the new **Transformative Leadership graduate certificate**; participate in interactive demonstrations; and sample herbal preparations. While you're here, take a tour of the Institute and get to know us better.

See reverse side for complete agenda.

RSVP to admissions@tai.edu
or call 800-735-2968 ext 6647.

We are now enrolling for January 2010.
