Acupuncture clinic in Gaithersburg Maryland/ Bethesda, Maryland

Description:

We are an acupuncture clinic in Gaithersburg Maryland, soon opening a second location in Bethesda, and looking to expand further. We are looking for acupuncturists who want to run their own clinic as part of our company. The idea is to build an Eastern medicine group, and to free up acupuncturists from spending their time on marketing, accounting, billing, etc. so that they can focus on treating people. They would be fully independent practitioners while we take care of all the business aspects of running a practice. Meanwhile, we can grow together as a company.

Rental Space in Illinois

Yong Kang Chinese Medicine Clinic is located in the delightful and accessible neighborhood of Kirkwood. We draw patients from both St. Louis city and county as well as from southern Illinois. St Louis offers a low cost of living, access to the arts, spectacularly vivid weather, an increasingly diverse community, some nice restaurants and the City Museum. It also is in a region that up till recently has not been exactly open to acupuncture. That, however, has changed and increasingly Chinese medicine is becoming THE alternative treatment of choice.

Do you want to build a practice, and built it fast? Do you like the idea of a cash only business? Does it sound appealing to practice in a community that is very supportive of new practitioners? Would you like to see patients with difficult and challenging health concerns? Do you happen to have a weak spot for frozen custard?

Then this opportunity just might be for you. Interested? Go visit www.yongkangclinic.com to get a taste for what we have going on here. Like what you see? Follow up with an email to michael@yongkangclinic.com.

The American Midwest is desperately in need of more Chinese medicine practitioners. You can make a difference here!
